[Provide justification for request, including salary rate/s and an explicit statement of your institution's fringe rate.]

Materials and supplies:

[Provide detailed justification for request, including specific costs and rates (per item, per hour, per sample, etc.), where appropriate.]

Services:

[Provide detailed justification for request; 'Services' includes costs for lab analyses, facilities and/or technical staff fees at another institution/organization, for example sample analysis or data processing.]

Any other Direct Costs:

[Provide detailed justification with rates, etc., for request.]

The total budget for the proposed work is \$17,983. Travel expenses in the amount of \$1,225 will be administered directly by the USSSP Office. I received a \$3,000 advance on a post-expedition activity (PEA) award and I am now requesting \$13,758 in remaining funds to complete the proposed work.

[Travel is not included in the total requested as it will be administered directly through the USSSP office rather than the PI's institution.]
